The Department of State Services has lost two of its personnel in a car accident.

The incident occurred on Friday evening at Gidan Busa Katari, along the Abuja-Kaduna Expressway.

A statement by the Spokesman for the Service, Dr Peter Afunanya late Friday night, said that the team was heading to one of the seven states in the North-West zone for an undisclosed operation when the Hilux vehicle in which they were travelling somersaulted.

“Two persons died in the accident while another was injured. He is presently receiving required attention in a medical facility,” Afunanya said.

He added that the clarification was necessary in order to debunk alleged fake news making the rounds that the officers were attacked by bandits.
