

In the Niger crash which occurred in Laboshi village along Mokwa-Bida Road, the FRSC Sector Commander in the state, Mr Joel Dagwa, told the *News Agency of Nigeria* on Friday in Minna that the accident involved a Daf Trailer with the number plate SHR 317 XA and an unregistered commercial bus.

Dagwa said the accident involved three people; two males and one female, and that about N74,680 was recovered from the victims.

He said the corpses of the victims had been deposited at the Mokwa General Hospital morgue, while the money recovered was handed over to the relations of the victims.

He blamed the crash on dangerous overtaking.

The sector commander said the corps would continue to monitor road users to guard against overloading and dangerous driving.

“We have since embarked on aggressive patrols across all major highways to ensure that road users adhere strictly to traffic rules and regulations to avoid road accidents during and after the Christmas and New Year festivities,” he said.
