

In Kaduna, a trailer loaded with cows on Friday lost control and crashed around Lord Lugard Roundabout in the Kaduna metropolis killing two, while seven others were injured.

Confirming the incident, Hafiz Mohammed, the FRSC sector commander in the state, told *NAN* that the accident was caused by speeding and fatigue, adding that the seven rescued victims were rushed to the hospital where one of them died.

“It took combined efforts of the FRSC, the Nigeria Security and Civil Defence Corps and Kaduna State Traffic Law Enforcement Authority to remove the corpses and deposit them at Barau Dikko Teaching Hospital morgue,” he said.

The sector commander said the trailer was towed to Motorpol Office Kaduna, adding that some of the items recovered included N15,840 belonging to one of the deceased.
