Inter-agency rivalry frustrating insecurity war, says FG

Adelani Adepegba, Abuja

THE Federal Government has attributed inter-agency rivalry for setbacks to the campaign against insecurity in the country.

Addressing a seminar in Abuja on Thursday, the Minister of Interior, Rauf Aregbesola, said security analysts had consistently blamed the escalation of internal threats for the rivalry among security agencies.

Aregbesola spoke at the opening ceremony of a two-day

inter-agency synergy workshop, organised by the Ministry of Defence with the theme, 'Inter-agency synergy: An imperative for defence and security management.'

He said, "The lack of trust, respect, coordination and collaboration of security agencies is rooted in our nation's history. You don't need to show off, you are already recognised. So, please, embrace other security agencies. I must say it clearly, the police are guilty. The police do not want to see any other paramilitary agency."
