There were reports on Sunday that an auto crash claimed the lives of some members of the police special force on the Kaduna-Zaria Expressway in Kaduna State.

Sources said the crash occurred around the Jaji Military Cantonment around 4.30pm when an 18-passenger bus conveying the policemen somersaulted.

The state Police Public Relations Officer, ASP Muhammed Jalige, declined to confirm the crash, saying a team had been sent to the area “to find out what actually happened.”

A source at the scene of accident, who is a driver, said, “The crash occurred around 4.30pm when the vehicle conveying the policemen to their destination somersaulted.

“I don’t know where they were coming from, but they were heading towards Zaria from Kaduna when the accident happened.

“It was a terrible accident because I counted about seven bodies of policemen in the middle of the road. Two were seriously injured, while others survived.
