Baby Dumped At Igbobi Hospital Gate

DAMOLA OGUNDIMU

A two-day old baby was yesterday found dead at a refuse dumpsite by the entrance of the Igbobi Orthopaedic Hospital, Fadeyi.

The baby, said to have been brought their alive, was later found dead among refuse at the dumpsite.

Residents of the area who saw the baby expressed anger at the callous attitude of the mother and cursed her for the cruel fate of the dead child.

They appealed to the authorities to remove the corpse which is still lying at the entrance to the hospital.
