

Driving Against Traffic

Trailer Crushes Okada Rider, Passenger

A trailer driver was alleged to have crushed an unidentified commercial motorcyclist and his male passenger yesterday along the Lagos-Badagry Expressway, Doyin bus stop, Orile Iganmu at about 3:30 p.m. They both died instantly with their brains spattered all over the busy highway.

According to a witness to the incident, the motorcyclist

was riding against traffic, when an oncoming trailer slammed into him, running over both the rider and his passenger.

The driver of the trailer did not, however, wait to see what happened as he drove on.

Policemen from Orile immediately moved to the scene to prevent a breakdown of law and order, but not before a social miscreant had successfully escaped with the dead passenger's bag.
