**An SS 2 student of Irete Grammar School, Ikoyi, Lagos, simply identified as Hassan has been crushed to death by a vehicle at Sura area of the Lagos Third Mainland Bridge.**

The school is situated at Keffi area of Ikoyi, Lagos, Nigeria.

*P.M.NEWS* gathered that Hassan was crushed to death while chasing two of his schoolmates to retrieve his handset snatched from him.

The schoolmates, it was learnt, demanded N5,000 from the victim to return his set, but begged them with N3,000 which they refused.

They were said to have dragged the matter from Ikoyi

to Sura area of the Third Mainland bridge where the victim met his fate.

His mates were said to have ran away on seeing the fate that befell their colleague.

When *P.M.NEWS* visited the school to see the principal for comment, he refused to speak on the excuse that he is a civil servant.

An unidentified staff in his office, however, disclosed that since the incident occurred outside the school premises, "there is little we can do."

When asked why the accident was not reported to the police so that the culprits can be brought to book, he said it is only the parents of the deceased that could take such an action.
