15 Died In Boat Mishaps In C’River

Print Share

In less than two months, 15 people have lost their lives in boat mishaps in Creek Town water at Odukpani Local Government Area while embarking on either business ventures or church programmes. In February, 11 persons lost their lives while returning from Creek Town on a business trip while on Sunday, four members of Land of Deliverance Bible Ministries in Creek Town, who were travelling by sea to attend the church’s Easter convention lost their lives in a marine accident. Reports say the boat capsized at a close distance to the Creek Town beach due to a turbulent wave as the victims could not swim in the turbulent water current that saw them drowning. Efforts by some good ‘Samaritans’ at the beach to pull a boat to rescue the victims were abortive as they had already gulped several litres of water and drowned in the process. Their corpses which were already floating were removed and are now deposited at a mortuary in a hospital in Calabar. Officials of the Odukpani Local Government Council have confirmed the accident but have expressed sympathy with the families of the deceased.
