From OKEY  
SAMPSON, Aba

**T**wo members of a suspected armed robbery gang who allegedly terrorised the Ugwunabo axis of Abia State of the Enugu-Port Harcourt Expressway have met their waterloo as they were shot dead by soldiers.

It was gathered that the armed robbers had sometime last week, at about 7.00 pm blocked the expressway at Ihie Junction in Ugwunagbo Local Government Area and robbed commuters.

Sources stated that in the cause of their operation, a police inspector, who was driving in a Passat car unknowingly ran into them.

The armed robbers were said to have flagged him down and ordered him to use his car to block the remaining space on the road to aid them in their operation.

As the policeman was pretending to be complying with the armed robbers order, he escaped from them and reported the matter to soldiers at the flyover near Asannentu spare parts market.
