portunity to acquire quality training and requisite competencies to carry out their duties.

Industrialist shot dead in Nnewi

From DAVID
ONWUCHEKWA,
Nnewi

Gunmen yesterday, shot dead an Nnewi-based industrialist outside his home and dumped his body in a gutter at Inyaba Mba-na in Umudim-Nnewi in Nnewi North Local Government Area of Anambra State.

The attackers, who were suspected to be assassins, were said to have shot the man dead without removing anything from him as they left him in the pool of his blood.

Our source said that the lifeless body of the industrialist identified as Mr Uzodinma, a producer of bottled and satchet water, was seen inside a gutter by passers-by, who alerted the community's

vigilance group, which in turn, joined the police to recover the corpse and deposit it at a hospital morgue while investigation continues.

When contacted, the Police Public Relations Officer (PPRO) of the State Police Command, Mr Emeka Chukwuemeka, said he would contact the nearest police station to know the true position.
