.....SEMA serves occupants quit notice

From **Emmanuel Uzor**, Abakaliki

ONE person has been confirmed dead and seven others critically injured when a section of a two-storey building collapsed in Abakaliki, Ebonyi State capital.

The incident, which took place at No 9A, Obiri street, Abakaliki, affected the balconies of the building, which caved in.

The victims were radio apprentices of one Mr. Isaac and were working in a shop located at the front of the building when the tragedy occurred. One of the apprentices was expected to be settled December this year while another is a newly registered apprenticeship.

One of the victims was said to have died instantly while others were rushed to a private hospital, Holy Trinity Hospital and Maternity located within the area.

Daily Sun checks showed that other balconies around the building had started showing signs of collapsing as cracks were noticed on them.

The state Chief Inspector of Council for the Regulation of Engineers in Nigeria (COREN), Mr. Amadi said the council had identified the remote and immediate causes of the incident.
