Grinding machine severs woman's head

From **Murphy Ganagana, Jos**

A bizarre incident occurred on Sunday at Kamache village, close to Sarkin Power in Munya Local Government Area of Niger State, as a grinding machine severed the head of a 30-year-old woman.

The victim, Anaku Anaruwa, was said to have gone to Kamache from another village to grind maize and in the process, her head scarf got mistakenly entangled in the machine, which cut off her head.

Witnesses said bewildered villagers wailed profusely as most of them stayed away from the scene, because of the gory spectacle.

It was learnt that the police arrived the scene at about 5.p.m after the incident was reported by one Hon. Attairu Adamu, took photographs of the deceased, and eventually released the corpse to her family for burial after conducting the autopsy.

Police spokesman for the state command, ASP Bala Elkana, confirmed the incident yesterday. He said the police were treating the matter as a case of accident.
