FORTY-SEVEN human skulls were recovered on Wednesday by the police in Yobe State, *Daily Sun* reliably gathered yesterday.

Sources said the discovery followed a tip-off to the police that a large number of human skulls and skeleton were found around a bush path at Nainawa area in Damaturu Local Government Area of the state.

It was gathered that dozens of completely decomposed skeleton were also recovered at the scene amid suspicion that the human remains which were found on the surface might have been there for over two years.

It was revealed that the area was a Boko Haram flash-point. The large number of human parts recovered in the same area has raised security concerns.

Confirming the report, Force Public Relations Officer(FPRO), DCP Don Awunah, said forensic experts have been deployed to the scene to unravel the cause of death.

"I have confirmed your information and the number of skulls recovered is 47. There were skulls and completely decomposed bodies. The area is presently being monitored," he said.
