One dead, 11 injured in Ogun tanker explosion

ONE person died yesterday in a road mishap involving a fuel tanker, an articulated vehicle and a bus in Sagamu, Ogun State.

Sector Commander of the Federal Road Safety Corps (FRSC) in the state, Adegoke Adetunji, said no fewer than 11 people also suffered injuries in the accident that an eyewitness said occurred in the early hours.

He said the tanker, loaded with petrol had a mechanical problem

and stopped on the road, while the bus and truck rammed into it resulting in explosion.

He said that the tanker caught fire and burnt other two vehicles, adding that the dead and the injured had been taken to hospital.

Adetunji said the unfortunate accident must have been caused by speed of the vehicle that rammed into the tanker.

He advised motorists and commuters to always be alert when driving and avoid speeding.
