

4 killed in Kano auto crash

From **Desmond Mgbah**, Kano

TEARS and anguish disrupted medical activities at the Murtala Mohammed Specialists Hospital, Kano, yesterday, following the news of the death of four of its personnel in an auto crash.

Head of the Pharmacy department listed the affected staff to include Abdulhamid Abudulkadir, a senior pharmacists technician, Salisu Mohammed, MaiLadan, and a lady simply identified as Mary, a sub-staff with the department.

Hospital sources told

Daily Sun that the deceased were on their way to Kaduna State to condole with one of their colleagues who lost a relative.

It was gathered that the accident occurred at Jaji, along Zaria-Kaduna Expressway on Wednesday morning after their vehicle crashed into a truck.

While the remains of Mary, an indigene of Adamawa State had been returned to her home state, the rest were returned to Kano for the Islamic funeral rites. Efforts to get the Kaduna State Command of the Federal Road Safety Corps (FRSC) to comment proved abortive.
