**An** Assistant Superintendent of police is in the net for allegedly killing seven farmers in Adamawa State. He was said to have tied up his victims before pumping hot leads into them. It was also alleged that the trigger-happy cop had killed four people earlier.

Yesterday, the Adamawa State Police Command confirmed the arrest of the police officer. The arrest followed a petition by a Civil Society Organization, Progressive Mind for Development Initiative.

The petition signed by the president of the organization, Abubakar Abdulsalam, alleged that the officer committed the offence on November 23, 2017. It indicated that the police officer, while in charge of Safer Highways Patrol Team, arrested the farmers, who were working on their farms at the outskirts of Gombi town, tied them and shot them to death
