“We learnt the Toyota Camry was outbound Abeokuta towards the interchange when the driver lost control due to excessive speeding and crashed into the incoming Bora vehicle and two motorcycles (Okada) on the other lane.

“The driver of the Camry ran away with injuries sustained before our rescue team arrived the scene of the accident. The two dead victims were the motorcycle riders. The driver of the Bora car, the passenger and the woman on board one of the motorcycles, all had broken legs,” he said.

Akinbiyi said the two bodies were deposited at the state hospital, Ijaye, Abeokuta, while the injured were also taken to the same hospital.

Meanwhile, the Federal Controller of Works in Lagos, Adedamola Kuti, has appealed to motorists to drive with caution around construction zones to avert gridlock and accidents on Lagos-Ibadan Expressway.
