Bandits have killed acting Gwom Rwey of Foron District in Barkin Ladi Local Government Area of Plateau State, Da Bulus Chuwang Jang.

Daily Sun gathered that the gunmen invaded the resident of the traditional ruler on Monday night and shot him dead.

Management Committee Chairman of Barkin-Ladi Local Government Area, Da. Jok Alamba, who confirmed the incident said the traditional ruler stepped outside to take a call where there was strong network when he was shot and macheted by assailants.

Alamba lamented that the killing of the monarch came after repeated efforts by the community to secure lives and property.

He, however, urged residents not to take the law into their hands as the police had launched investigation into the killing.

Member Representing Barkin Ladi Constituency in the state House of Assembly, Peter Gyendeng, described the killing as barbaric and unfortunate.
