AN accident at the popular PDP junction along the Isaac Boro Expressway over the weekend has claimed the life of a truck conductor who was trying to avoid sustaining injuries.

According to investigations, the driver of the truck who was driving at top speed was said to have lost control while trying to dodge a commercial tricycle carrying some female passengers.

The deceased, according to an eye-witness account, jumped from the truck to avoid potential injury when he got trapped after the truck tumbled.

He was crushed to death while the truck which was carrying diesel spilt its contents on the road causing traffic gridlock.

Officers of the Federal Road Safety Corps (FRSC), who got to the scene shortly after the accident, helped to remove the body of the deceased from the scene.
