At least, one person died yesterday while four others sustained injuries in an accident on Abakaliki-Afikpo Road.

The Ebonyi State Sector Commander of the Federal Road Safety Commission (FRSC), Mr. Charles Aborchi, said the accident involved an

18-seater bus and an articulated vehicle. He said the body of the deceased had been deposited at the Federal Teaching Hospital, Abakaliki, while the injured were receiving treatment in the same hospital. Aborchi, according to the News Agency of Nigeria (NAN), attributed the accident to speed violation.

The sector commander said that the FRSC officials were drafted to the scene to ensure free flow of traffic. He said: “According to preliminary investigation, the accident was a collision between the bus and the articulated vehicle.”

Aborchi reiterated that speed violation was responsible for 60 per cent of road crashes in the country and urged motorists to abide by the speed limit. He also reminded them that the installation of speed limiting device would be enforced from October 1 and urged motorists to install the device before then.
