UGHELLI

Two persons were Friday killed in an auto crash at the Agbarha-Otor junction axis of the East/West Road, Ughelli North Local Government Area, Delta State.

The deceased, a male and female, died instantly as a Mercedes Benz 350 rammed into a stationary Sienna bus that was loading passengers on the road side.

It was learned that the deceased male, who was the driver of the Sienna bus, was attending to the female passenger when the

incident occurred.

An official of the Federal Road Safety Corps from Ughelli Unit confirmed the incident, saying "We were called and when we got to the scene, we saw two dead bodies in an accident involving a white Mercedes Benz and a Sienna.

"It was a case of over speeding and loss of control by the Mercedes Benz. The driver of the bus was attending to the passenger at the boot of the vehicle when they were swept away.

"Their remains have been deposited at the morgue and the two vehicles have been towed to the police station."
