One person has been killed in Ita-Ogbolu community, Akure North Local Government Area, Ondo State, after a heavy rainstorm. The rainstorm was the second in a week, and 200 houses were destroyed by the storm.

Governor Lucky Aiyedatiwa, who visited the community, on Saturday, inspected the damages and promised that the government would come to their aid. A storm said he was saddened by the loss of life and the huge number of affected properties.

He said the State Emergency Management Agency (SEMA) was on ground to ensure succour gets to the victims. “I want to sympathise with Kabiyesi and the family that lost her life, but that it was not more than that. May God give the family of the one that lost her life the fortitude to bear the loss.

“The government has arrangements for such disaster and I can assure you that we will do the needful when we see the detailed reports”, the Governor said. Faborode, thanked the Governor for the concern and show of love.
