...Conveys Emergency Meeting to Tackle Menace

The Okada riders in Ekiti State have raised alarm over the incessant killings experienced by their members in the state, especially in the recent past.

The Okada riders in an effort to nip the situation in the bud on Thursday had an emergency meeting with security agencies to discuss the measures to be taken to avert the menace and put an end to the strange occurrence.

The development, which according to the okada riders have been happening since February 2024, was said to have claimed the lives of several people while the recent one reportedly occurred on April 22nd.

The Chairman of Okada Riders Association in the State, Mr Kunle Asaolu who gave the hint at the emergency meeting said the association is seeking the protection of Okada riders in the state.
