The victim identified as the stepmother of the deceased was abducted after the soldier was killed. According to a source, the incident took place on Sunday night when the soldier who arrived from Lagos was having a family discussion with his people.

The police and the state government had yet to react to the development as of the time of filing this report. Solomoni said the incident occurred around 11 pm when the bandits in their numbers carrying AK-47 rifles invaded the house to abduct the stepmother.
