Ekiti State has witnessed another killing of one of its members identified as Omoyajowo Samuel. It was learnt that some unknown persons in an area in Ado Ekiti, the state capital, murdered the deceased in cold blood.

Omoyajowo was said to be one of those issuing tickets to commercial motorcyclists in the area. Recall that last month a man was killed on the Iworoko road with a mutilated body.

The State Chairman of Okada Riders Association, Mr Kunle Ashaolu, has condemned the killing of his member by the unknown persons, calling it unfortunate and barbaric, while calling on the State Police Command to do thorough investigation and bring the perpetrators to justice.

He commiserated with the deceased family and promised to cater for the family, adding that the late Samuel was a very decent person. He said he has not been himself because he was shocked since he heard the news.
