The church members and family of the Assistant Head Boy of the Air Force Secondary School, Kaduna, Felix Blaise, who was allegedly murdered by some students of the school are demanding justice for their ward.

Felix was said to have allegedly been murdered by two Senior Secondary (SS3) students in the school dormitory within the Air Force Base in Mando, Kaduna. A member of the victim's family simply identified as Paul, who made the call on behalf of the family while speaking with journalists in Kaduna yesterday said the late Felix was his nephew and an orphan who lost his parents in 2013.

He therefore said the best the management of the school and the Nigerian Airforce can do to honour the late Assistant Head boy is to intensify efforts and unravel what led to his demise. Paul disclosed that he visited late Felix during the Sallah break and he was in sound health, saying he and the entire family are still in shock over the death of Felix whom he described as a brilliant and disciplined boy to the core.

He said the family was informed about the death of their nephew by the Education Secretary of the Air ForceBase. "We were assured that an investigation is currently going on to fish out the culprits and see that justice is served. In the same vein, the Late Blaise family Church, Lux Terra Chaplaincy, Abuja in a message to the media said, Blaise was a super intelligent and brave 15-year-old SS2 student of Air Force Comprehensive School in Kaduna who they thought was already above bullying.
