## N o fewer than 13 people have reportedly been killed by suspected gunmen in Niger State. **Gunmen kill 13 farmers in Niger**

The victims were murdered while working on their farms in the Shiroro Local Government Area of the state on Wednesday.

The state Deputy Governor, Yakubu Garba, in a statement on yesterday, labeled the attack as "satanic, insensible, atrocious and callous."

He said it was, "utterly appalling and deeply disturbing" that people could carry out such a "barbaric and vicious act" on other humans.

Garba expressed condolences to the grieving families, residents and the Shiroro community.

He said the state government was determined to restore peace and security across

the state.

The Deputy Governor urged security agencies to remain

strong and resolute in their efforts to secure lives and property.

He also assured them of the state government's full support in their fight against criminals.
