Suspected Fulani terrorists yesterday attacked and killed a local farmer, Mr. Gabriel Vandefan, at Uikpam Community in Guma Local Government his home.

Eyewitness told New Telegraph that the attackers stormed the area in broad daylight, beheaded the victim and severed one of his hands, which t

The brutal killing, it was learnt, left the community in shock and mourning. Residents described the incident as another grim reminder of the wo have become nearly impossible due to repeated attacks by armed herders.

Guma is the local government housing Yelewata Community where the insurgents invaded and killed over 2000 people recently. Local inhabitan decision.

"We are living like prisoners in our own land. If you go to the farm, you may not return alive," he said.

New Telegraph reports that the killing of Mr. Vandefan has added to the long list of victims in the ongoing wave of violence across several rural c
