Several people in the densely populated Turan and Moon communities of Kwande local Government Area of Benue State at the weekend flee th

The victims, including women and children were forcefully evicted from their homes leaving their household items and farmlands at the mercy o communities that were attacked last week when the terrorists struck and killed six farmers.

Already, Kwande Local Government has been under siege due to the fresh attacks, which is threatening social, economic and political activities. I the weekend, organised and chased many people from their farmlands and settlements in Moon district of the local government.

The attack also displaced residents of many settlements including Anyiase. According to one of the victims, Mr. Aondohemba Ahua, the invasion in the area. At the time of this re- port, casualties' level was yet to be ascertained, be- cause of the bad nature of the terrain with bad road netwo
