09.11.2007

Two men who specialise in ritual killing are now in police net in Ilorin, Kwara State capital .

The duo, according to THISDAY investigations, were arrested at Ira, in Oyun Local Government council area of the state after beheading an eight year-old-girl for rituals .

Parading the suspects before newsmen in Ilorin yesterday , the state police boss, Alhaji Audu Abubakar, said on August 27, one middle aged man called Kamaru Yusuf and his friend abducted his niece, Miss Omobola Moses, lured her from her parents, took her into the bush and strangled her to death. They severed her head which was later taken to a native doctor in Ondo State, so that he can perform ritual for them to get rich.

He said the herbalist, Mr Saliu Oyewole, 55-years-old rejected the head on the excuse that he requested for a dry head and not a fresh head.

Abubakar said following the rejection, the suspects dumped the head and the body in a forest near Ira Town, where it was later recovered by police detectives.

He said the police has commenced full investigations into the act and the duo would soon appear in court .

Also speaking with newsmen yesterday, the suspects confessed to the act.
