was not licence for lifting the seal. Salvation warned both major and independent Petroleum Marketers in the state to desist from cheating innocent citizens.

Five Die as Truck Rams into Traders

Five people were late Thursday evening feared dead in a road accident that occurred at Akoda Junction, Ede, along Gbongan/Osogbo road. An eyewitness' account narrated that the accident occurred when a truck travelling at top speed towards Osogbo suddenly lost control and ran over some people believed to be road-side traders. It was also learnt that another five people sustained various degrees of injures in the crash while the truck was badly damaged. Sources at Akoda Area informed us that the casualty figure would have been higher, if not for the timely arrival of medical aid for the injured. In a telephone chat with our correspondent, the Head of Operation, Federal Road Safety Corps, Osun Sector Command, Mr. Rufus Ajibola Adewumi, said the accident was caused by over speeding, which could not be managed when the vehicle involved experienced brake failure. Giving the breakdown of the casualties, Adewumi said the dead include two adult male, one adult female, 1 male child and 1 female child.
