A heavy downpour in Kiyawa Local Government Area of Jigawa, on Wednesday, killed four persons, destroying houses and crops, the News Agency of Nigeria (NAN) reported.

It will be recalled that the Nigeria Metrological Agency had listed Jigawa among states in the country to be affected by flood this year.

Alhaji Basiru Maje, the vice chairman of the council, told NAN in Dutse, on Thursday, that no fewer than 10 villages were affected by the flooding.

Maje said two persons, one Kabiru in Adede village and Ibrahim Sani of Dangoli village, were killed by the flood, which also destroyed about 1,500 hectares of farmland.

"Apart from the people that died, farmlands, houses and animals were destroyed," he said.

Also, Malam Hakilu Idi, a resident of Dangoli village, said apart from the two dead men, unidentified corpses of a woman with a baby on her back, were also found in the village.
