LOKOJA—FIVE final year students of Olufo Community Secondary School were yesterday crushed to death in a road accident involving the convoy of the Action Alliance (AA) Presidential Aspirant, Chief Rochas Okorocha in the Ochadamu Area of Kogi State.

Chief Rochas Okorocha in the company of the party governorship aspirant in the State, Joseph Umoru and a large crowd of supporters

were on their way to attend a political rally at Anyigba when the accident occurred on the Ochadamu road.

Eyewitnesses said the accident occurred when one of the vehicles on the fleet of the presidential aspirant, which was coming from Lokoja had a head on collision with a motor cyclist.

The driver was said to have subsequently lost control running into the students who were mounting guard by the road side to have a glimpse of the Action Alliance presidential aspirant.
