

Robbers attack bullion van, kill driver

M A I D U G U R I — ARMED robbers on last Friday attacked and killed one of the four drivers conveying money in bullion vans to one of the leading banks, along the Damaturu- Maiduguri road.

The robbers also wounded a policeman during an exchange of gunfire.

Mr Mohammed Sani, the Borno Police Public Relations Officer (PPRO), who confirmed the in-

cident said, that the operation was unsuccessful as the money was not carted away.

Sani said that the command had deployed its anti-robbery patrol team in conjunction with vigilante groups to strategic areas to curtail incessant criminal activities.

He called on the public to assist the security agents with any useful information that could lead to the arrest of anybody with criminal tendencies.
