PORT HARCOURT—
AN auto crash weekend claimed one life in Port Harcourt. The accident involving a Coca-Cola trailer and a 911 lorry caused heavy traffic around UTC bus stop, Azikiwe road on Saturday.

Eyewitnesses told the *Vanguard* that one of the haulage vehicles lost control and rammed into the other. They

expressed gratitude to God that it happened in the early hours of Saturday.

“We thank God that it happened in the early hours of Saturday. You know how busy this road is. So if it had happened in the day time you could imagine the extent of devastation.”

It took the intervention of men of the Federal Road Safety Commission and the police to clear the road for a free flow of traffic.
