KADUNA - Five persons have been confirmed killed with four sustaining injuries after suspected Fulani herdsmen raided Ramin Daji village, near Kagoro, the Local Government Headquarters of Kaura Local Government Area (LGA), southern part of Kaduna state.

This is coming nine days after a similar attack on Kukum Daji, near Kagoro left one dead and two injured.

The Chairman of Kaura LGA, Mrs. Florence Aya told Vanguard on phone yesterday how the attack happened.

“The vigilante in the village had

assembled to start patrolling the village around 9:30pm on Monday. Suddenly some attackers who were lying in a bush nearby unnoticed, open fire on them. They could do nothing about it, since they were not carrying fire arms.

While they tried to wade off the attackers, the invaders went to those they shot and inflicted deadly machete cuts on them, killing the five that were shot and could not run. They also cornered a woman carrying an infant and cut them leaving them for dead.

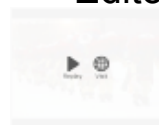

You need to see the kind of injuries on this woman and her infant. But by some miracle, the baby and mother survived. But they are now under intensive care unit in a hospital I shall not tell you now. Two others who were shot, are also critically wounded. They are also receiving treatment. Lets pray for them as they receive treatment.

But, even as they came with guns, some of the vigilante were able to injure one. He escaped leaving a trail of blood on his escape route. As I speak with you, the youth and the police are searching the bushes for him. This is very, very sad. We need more security here", she said.

When contacted the Kaduna State Police Spokesman, ASP Aminu Lawal confirmed the incident, but did not elaborate. When Vanguard called the Kaduna State Police Commissioner, Bala Nasarawa, he simply said, "there

was something like that. Please speak with the PRO”.

A source who does not want his name mentioned said that attackers where about twenty, and that they spoke Fulani. He said the attack was confirmation of the threat sent to many communities in Southern Kaduna warning of unprecedented attacks during the Christmas and New Year Celebrations.

If we have adequate lighting in the villages maybe lives would have been saved. fulfude is language spoken by fulanis and the herdsmen should remember fulanis are in the minority in the north and in the event of war with the people they will be given a bloody nose. The emirs are fulanis as well as the political elite. They have the secular and religious in their pockets. Their less well off brothers like the herdsmen think they too are superior to the indigenes they lord over. If push comes to shove the indigenes might kill off the cattle that stray into their farms.

If i were president i would enter an
agreement with PAN and any other

local automobile manufacturer to with immediate effect provide government agencies with ample amount of vehicles to be equipped with communication gadgets for effective patrols, upgrade and commission more police training colleges at least one in every state, police formations' air capability all over the country will be greatly enhanced without prejudice. Then also i will enter an agreement with private investors that specialize in building and manning prisons so that these animals could be rehabilitated without prejudice and justice could be delivered. Justice is changing this kind of inhumane behavior and better yet preventing it from ever happening at any and all cost....so be very very prepared.
