No fewer than eight persons have been confirmed dead in two separate incidents at Demavea village in Taraba State and Port Harcourt, Rivers State.

The casualties include five persons killed in renewed fighting between Tiv communities and Fulani herdsmen in Taraba and three shot dead by fleeing armed robbers in Port Harcourt.

The ensuing crisis has forced thousands of members of the Tiv communities in Taraba State into seeking refuge in Katsina-Ala local government of Benue State.

Vanguard gathered from sources that the rampaging herdsmen invaded the Tiv settlement, shooting indiscriminately,

burning down houses, huts and farm produce of their victims.

A source who claimed that the number of the dead could be higher, said the victims were fleeing Takum in droves for fear of being hacked down.

Reacting to the unfortunate incident, a member of Benue House of Assembly representing Katsina-Ala West, Aondowase Jator, decried the fighting and high influx of Tiv indigenes into Benue from Taraba State.

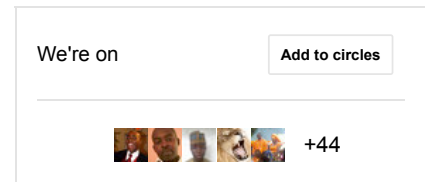

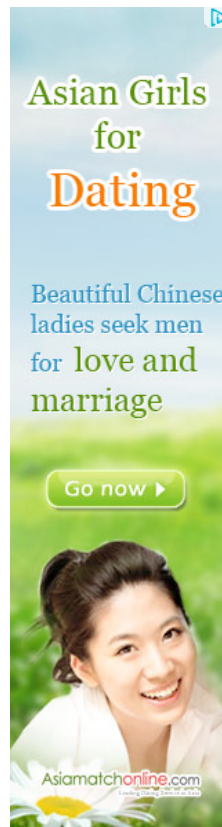

Jator said yesterday that thousands of Tiv people who fled Taraba State were now taking refuge in Katsina-Ala, Gbishi, Tor-Donga and other surrounding villages in Benue State under harsh condition.

He condemned the crisis, describing it as 'unfortunate' and called on the two state governments to check the fighting and also take urgent steps to resettle the victims of the crisis.

The legislator also sued for immediate resolution of the crisis to enable the Tiv people who have lived in the area for a long time to return to their homes.

Vanguard gathered that fighting broke out on Boxing Day in Demavea village, Chanchanji ward, Takum local government area in Taraba State; an area that is predominantly occupied by the Tiv.

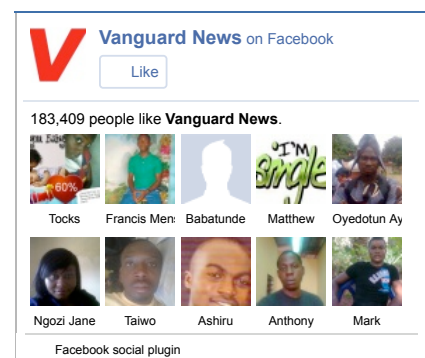

It was gathered that fighting broke out in

the community when some Fulani herdsmen in the community raised a false alarm that one of them had been killed by a Tiv man and this sparked off a reprisal attack that led to the wanton destruction of property and sacking of Tiv people from the community.

The DPO in-charge of Katsina-Ala, Dominic Iornumber, who could not confirm the number of death in the fighting as it did not fall under his jurisdiction, however, confirmed the ensuing crisis and assured that there was no cause for alarm at the Katsina-Ala end. He said his men were on alert to monitor the situation at the border areas between the two states.

Meanwhile, in the Port Harcourt incident, sources said the victims include two personnel of Rivers State Traffic Management Committee, TIMARIV.

Vanguard gathered that the robbers, in an escape bid, first opened fire around Okija area where stray bullets killed one.

It was learnt that they opened fire again in D Line area of Port Harcourt, killing two staff of TIMARIV.

One of them reportedly died on the spot, while the other, a female, died later in the hospital.

The state Police Commissioner Mr Suleiman Aba, confirmed the development, and added that

investigation was in top gear to track down those behind the incident.

ACN accuses Rivers govt of non-challant

Meanwhile, Action Congress of Nigeria, AC.N, in a statement by Mr Jeery Needam, condemned the crime situation in the state.

The party called on the governor to tender an apology to the state.

“While consoling with families of those who lost the lives of their loved ones in today’s armed robbery attacked, we urged the Rivers State government to apologize to Rivers people for failing to provide adequate security, despite billions of naira collected monthly in the name of security vote,” the party said.

We hear of atrocities by Fulani herdsmen all the time. The herdsmen I have ever seen in daylight are only interested in feeding their cattle, why do

they turn to ethnic cleansing at night?  
My suspicion is they are not Fulani  
herdsmen at all but the same group  
who appear as Boko Haram in the  
daytime. The objective in either  
manifestation appears to be the same:  
ridding Nigeria especially Northern  
Nigeria of non-Fulani and Christians.  
Let's not be naive. I call upon the Fulani  
in our midst to make the distinction and  
expose the mercenary agents in their  
midst since we the non-Fulani cannot.  
Just so God-forbid we err on the side of  
caution for our lives' sake and lump the  
real herdsmen plying their trade in the  
daytime with Boko Haram and the fake  
herdsmen carrying out ethnic cleansing  
at night. We are only human.
