Boko Haram : Splinter group, Ansaru emerges

Indications have emerged that an ideological feud within the rank and file of the Boko Haram sect may have led to a breakaway faction. The new outfit calls itself 'Ansaru.'

In a statement circulated in Kano, Ansaru gave its full name as "Ansarul Muslimina Fi Biladis Sudan," meaning Vanguard for the Protection of Muslims in Black Africa.

Its motto is "Jihad Fi Sabilillah," meaning it is fighting and sacrificing for Allah's cause. The statement was signed by one Abu Usamata Al'Ansari, who claimed to be its leader.

Ansaru expressed displeasure with Boko Haram's style of operations, which it described as inhuman to the Muslim Ummah. It vowed to restore dignity and sanity to "the lost dignity of Muslims in black Africa" and to bring back the dignity of Islam in Nigeria and the Sokoto Caliphate, founded by Othman Dan Fodio in 1804, which spread across Niger Republic, Cameroon and some other West African countries.

Ansaru's logo shows the Qur'an, with a gun on both sides. Attached to the guns are black flags with the inscription, "There is no deity but Allah and Muhammad is His Messenger".

The statement said: "For the first time, we are glad to announce to the public the formation of this group that has genuine basis. We will have dispassionate look into everything, to encourage what is good and see to its spread and to discourage evil and try to eliminate it."

Their end is near. Sooner they will engage in open conflict with each other. The blood of innocent christians murdered in a cool blood in the church will never, never allow them to rest. They will pay dearly with their blood now or latter.

Any kingdom that divided itself cannot stand. I believe their activities are heading to the rock and they will be on their knees shortly.

Yoruba muslims are completely different from the Hausa Fulani counterparts. The latter is not only backward as a result of the fallout from the almajiri system practiced in the north but also indoctrinated with the promise of paradise when you kill for Alah.

All you illiterates of changing world/life have nothing to offer but violence. If you are, a true child of Allah, why do you hide your identities. Why operate in darkness and in hiding? If all of us were to be stalked in primitive civilization, we would still be walking around in our nakedness. But civilization and industrialization had given birth to technology which gave birth to morden life. All you Sycophants are beneficiaries of these modern products including your weapons of mass destructions. Any person/s who uses any fabricated, mechanised, chemicalized or reformed objects is a deceiver. Take a critical look at yourself, the way you dress and the means you commute, communicate and worship. If you happen to come in contact with anything outside nature, please reassessed your religious belief and tell me how you could seperate yourself from civilization or modern technology.

THanks, Goddey. O. Note, My name does not mean, I 'm a xtian.

superiority complex over not just the lives of its adherents but those of others who have more advanced beliefs.

Right inside Mangu market, there is a big mosque even though roughly 65-70 per cent of the people who use the market are not muslims. At every turn the muslims in the market threaten you with violence to the point even Chadians, Malians, and Nigeriens felt more at home in Mangu than some of us Nigerians who transact in that city.

Watchout, before long there will be other sects claiming to defend the course of islam through the use of violence as if there is anybody in Nigeria interested in destroying their belief. What baffles me is why muslims in the north find it important to fight for islam, what about muslims in the south who focus on the more progressive things in life and are by no means inferior in their beliefs in allah. I can't understand this difference? Does it mean the muslims in the south think if allah has got a quarrel with anybody he should sort it out in his own way at his own time? Which in a sense is the most reasonable thing to do. What is the point of fighting for a god that we are made to belief is all powerful? Can't this same god destroy those who stand in his way like other gods or just let them be if it can't. The more these idiots in parts of the north and around the world go round killing innocent people in the name of allah the more they are making everybody believe that their god is a spineless thing unable to even defend itself or those who believe in it.

Uduakomiri, thank you for you write up. You wondered with muslims in the south are not as stupid as those in the northern part of the country. I want to let you know that the muslims in the south are more educated and enlightened than these malus in the north. Southern muslims are more civilized and educated than those in the north. They (southern muslims) had encounter with civilization earlier and the have respect for human life. These muslims in the north are descendants of Ishmael, the prodigal son of Abraham. So, it is not surprising they behave like children who have no inheritance in their father's house.

In that case we have eliminated forceful imposition from both sides. Simply, convoke Sovereign National Conference to discuss what we have on our laps. It's cool isn't it? IBB dosen't have to re-enlist @ 71 into the army. Lots of our problems will certainly be over in 'few days' deliberations.

The political leaders of this country will never organize such a confab. The north through here regular Gov forum meetings and other forums hidden under the umbrella of Islam have articulated their demands some of these demands are being played out through clandestine groups like Boko Haram etc. It is lefty for the leaders of the southern ethnic natinallities to begin to convene their own meetings and articulate what they expect from Nigeria or better still how to untangle and neatly disintegrate Nigeria!

If the non-moslems and pagan scientists who have been developing this world have long decided that a global religious warfare is beneath them and not worthwhile, why is radical islam attempting to take us back to the medieval world of 6th-10th century? How do you defeat those who have cracked the atom, unleashed and tamed its power, with a few small arms, local and homemade bombs? What stupidity and waste of precious time?

Because of their general low level of education and a certain agnosticism, radical islamic elements have not figured out that blowing themselves and other people up is a losing strategy against a christian and jewish dominated world awash with military and industrial complex already capable of destroying this planet many times over, but have found a way to desist from utilizing that raw and bottled up destructive potential.

Why are their socalled imams not teaching them that the three things you can't get around in our modern world are?

1. Nuclear Power
2. The Global Market
3. Liberal Democracy

That is why you can't overrun those who are already predominant there. But you may only hope to join the club, if you roll up your sleeves and do science.

Cheers!

2 Thessalonians 2:3-10

(3) Let no one deceive you by any means; for that Day will not come unless the falling away comes first, and the man of sin is revealed, the son of perdition, (4) who opposes and exalts himself above all that is called God or that is worshiped, so that he sits as God in the temple of God, showing himself that he is God. (5) Do you not remember that when I was still with you I told you these things? (6) And now you know what is restraining, that he may be revealed in his own time. (7) For the mystery of lawlessness is already at work; only He who now restrains will do so until He is taken out of the way. (8) And then the lawless one will be revealed, whom the Lord will consume with the breath of His mouth and destroy with the brightness of His coming. (9) The coming of the lawless one is according to the working of Satan,

with all power, signs, and lying wonders, (10) and with all unrighteous deception among those who perish, because they did not receive the love of the truth, that they might be saved.

Daniel 7:8

(8) I was considering the horns, and there was another horn, a little one, coming up among them, before whom three of the first horns were plucked out by the roots. And there, in this horn, were eyes like the eyes of a man, and a mouth speaking pompous words.

Daniel 7:21

(21) "I was watching; and the same horn was making war against the saints, and prevailing against them,

Daniel 7:25

(25) He shall speak pompous words against the Most High, Shall persecute the saints of the Most High, And shall intend to change times and law. Then the saints shall be given into his hand For a time and times and half a time.

It has to do with a depraved religion that destroys the humanity of its adherents.

ANSARU, IN CASE YOUR IMAMS DID NOT TELL YOU:
Just don't bomb churches full of people praying to God or go shooting defenseless innocent men, women and children on the street who have never fought you. It is called mass murder! It is cowardly because there are currently at least 5 nations on this planet who can wipe out Saudi Arabia and the entire moslem world in a few minutes with nuclear bombs. No single one of them is a moslem nation, in fact except one [China], the rest are christian nations. It is not by accident that these same nations are the 5 PERMANENT members of the united nations. For the sake of God and humanity it has not happened precisely because they are simply not barbarians, but true human beings.

ISLAM COULD NO LONGER WIN BY FORCE AFTER THE 19TH CENTURY:

For almost 4 centuries the Turks could terrorize and annex part much of east europe. The discovery of black powder [a mixture of potassium nitrate, sulfur and charcoal] in the 19th century, put to advanced military use the gunpowder invented in medieval

China. Light weight and hand-held guns replaced knives and sword even for close range fights. Those who could perfect and industrially produce effective riffles gained advantage in a world ruled by might. By the mid 20th century many european nations could fly air planes and bomb and shoot at enemies from the air. The conquest of the new world (Americas), revolution in France, two in Russia and the challenge of German nazism has energized the Caucasoid race to the point self-rediscovery which with one man's insanity [Adolf Hitler] plunged all these powers into the most ferocious war in the last 500 years if not in the entire recorded history. World war II!

THE WINNERS IN THAT WAR STILL RULE THE WORLD:

Who won? Russia and USA emerged the new world powers, supplanting the Turks, British or Asian as claimed by the Japs, and any other claims to economic or military empires. THEY formed the united nations, cancelling out much of Islamic or Turkish influence in the middle east and the asian continent as a share of the master role was accorded [at first ceremonially] to communist China, who had argued that China was [as at then] about half the world population. A decision Russia had helped to strenghten due the similarity of [communist] systems with her.

It is a good development that somebody, for once, would realise that the name of Islam is being dented by boko haram style of operation. But it should not involve carrying arms against boko haram as that could degenerate into what no one bargained for. The group can assist government in fighting against boko haram through intelligence gathering. We should endeavour to keep this country one. Is there any guarantee that there won't be further agitation for self-determination by some tribes on both sides if Nigeria separates into two? In fact, it will be worse than what we are passing through now if Nigeria disintegrates. Let us work together with patriotism.

Islam was founded on violence. Every islamic terrorist group finds its ideologies of operation in the quoran. They are all fighting for allah, their god who is very feeble to act like the real God. The illusion of marrying 70 virgins and enjOying rivers of wine in the paradise visualised by their prophet makes them slaves to their own reasoning and imagination. let them declare the Republic of Islamic North once and for all to satisfy their religious
