Bauchi -This seems to tough times for security agents in Bauchi as two policemen were shot dead by unknown Gunmen.

Vanguard gathered that the two policemen were reported to have been attacked in the morning during a patrol close to a police check point in Gubi village along Ningi/ Kano road in the state.

An eye witness who spoke to Vanguard on condition of anonymity said the police men who were shot at the head, did not die on the spot, but later died at Abubakar Tafawa Balewa Teaching hospital where they were rushed for treatment.

"I saw the two police men when they brought them to ATBUT, their heads were battered and they later died at the hospital". Eye witness said.

The commissioner of police Bauchi state command Mr. Muhammad Ladan confirmed the incident saying the two policemen were rushed to the Abubakar Tafawa Balewa University Teaching Hospital [ATBUTH] Bauchi where they died.

Ladan said that the matter is currently being investigated with a view to unravel the culprits and urged the general public to complement the effort of the security agencies by reporting any suspicious movements.

Vanguard reports that a team of well-armed police personnels have barricaded the attacked patrol centre to intensify security.

It also gathered that the incident happened barely two weeks when two police inspectors and a corporal were killed at another patrol post along Gombe road in the state capital.

In another development, three civilians at Unguwar Karofi in the Bauchi metropolis were also murdered in cold blood on yesterday night when 'SARA SUKA' (political thugs) raided the place.

We should try and find out why the policemen on patrol duty are usually easy target for assassination by BH. Are they properly trained on crisis management or control of terrorism and anti terrorist activities? Are they busy trying to collect the proverbial N20 only to meet their Waterloo?. Are there other reasons, why they are usually easy target? I am sick and tired of the countless deaths of policemen in the line of duty. If the policemen are not properly trained and oriented, there is no need sending them out to the street, only to fall victim. Please spare the families further losses, if we are not prepared. We do not deserve the sacrifices. Their blood foolishly shed will not bring peace or move the country forward. My sympathy goes to the families of the bereaved policemen, their colleagues and loved ones. Take heart, though Nigeria does not deserve the blood of your loved ones.

I don't know if this democracy can still last in Naija. Cuz security deterioration will make them come back once again, I weep for my country, Naija. It is so sad that some people have decided to make life worthless for others, even though, they feel that they are already tired of living. God will take this cup away before the water content gets dried.

Na so. The general public that is unarmed will stake their necks to assist the security - trained, armed and payed to secure the security. Una do well. Where is & what is the Chief Security Adviser to mr. President (Col. Macido) doing? I thought that once he takes over from Gen. Azazi, killings like this will stop.

i don,t want to hear about this BOKO HARAM and their openly known sponsors, since we cant have capital punishment to anyone found guilty of terrorism/corrupt government officials,like in china,(if we want to progress as a nation) because some members of our law makers are eighter BOKO HARAM sponsors or sympathisers and also corrupt govt officials, it makes sense to separate and let everyone go their way, make sacrifice today so that the next generation can look forward to a better future, why waste so much money and lives for nothing when it can be put to a better use? this so called nigeria is and always has been a fraud and will never work,but because of us (africans) greedyness/foolishness we are suffering/dying for nothing, what i want to hear now is not all these promises and promises from GEJ everytime theres bombs/killings, what we want to hear now is total separation fullstop, God have mercy.

Now, wheres Dasuki.the new NSA? I think he said he has BH phone number. Already Dasuki has spent more than 100 billions naira now. He should be removed and replaced. This is another scam. Jonathan made a big [mistake.to](#) pick Dasuki, instead of a southerner. Dasuki just playing game. He has nothing to offer and also a liar. To me Dasuki is a part of BH.

Okay, since the government cannot adequately secure the lives of the citizens and security agents, can they in the very least and I beg them too, equip the hospitals nationwide with state of the art trauma and emergency facilities and equipment; and aggressively train and re-train emergency doctors and nurses on how to provide emergency care and advanced life support because these things are really lacking. The health minister if he were a man of wisdom and state commissioners of health should have been looking into this by now. I do not know how many people that have been shot in the torso in Nigeria that have survived if not by the grace of God. It is always: "they died on their way to the hospital or they were rushed to the hospital where they died of their wounds".
