

WITH heart felt pain and sorrow but with total submission to the will of the Almighty God, we remember you today, PASTOR FELIX ABIODUN OTUBU.

You were assassinated on your way from the office at Jakpa, Effurun-Warri, Delta State on the 8th December, 2011 by yet to be identified assassins. You are gone but your sweet and loving memory still stare us in the face like yesterday.

We have taken solace in the fact that any inhumanity done to man by man will certainly be redressed first by man and finally by God. We have left those who cut your life short in the hand of GOD who is the final arbiter in this case

In you we have lost a son, brother, friend and confidant. We will continue to remember you for your good deeds here on earth and will forever immortalize your name.
