

ing that they conspired to import about 1020.5 kilogrammes of Indian hemp from Ghana, through Nigerian territorial waters.

According to the prosecutor, the accused were eventually apprehended by Customs officers, who later referred the case to the NDLEA for prosecution.

Falling window glass kills woman at Rivers secretariat

BY JIMITOTA ONOYUME

PORT HARCOURT — People cried uncontrollably yesterday at the Rivers State secretariat when a lady, Thereza Amadi, allegedly died after being hit by a window glass that fell from one of the offices at the top floor of Point Block building in the secretariat.

Eyewitnesses said the frame of the glass window landed on the lady's head, bursting the brain. The lady was allegedly walking on the base of the building when the accident occurred.

Some persons, who spoke on condition of anonymity, said the lady was not a civil servant. They further urged the state government to begin rehabilitation works on buildings in the secretariat complex, saying they were already too old and weak.
