BENIN CITY—THERE was pandemonium, weekend, in Benin City, Edo State, after a middle aged man (name withheld) lost his life following a fight with a lady, who chopped off his private part

The incident which occurred around Isihor area of the city shocked the residents, considering the way and manner the heated argument between the lady and the deceased resulted to bloodshed.

It was learned that the lady ran her SUV car into the deceased Honda SUV, a development which led to a shouting bout. The deceased, who was said to be in the company of his brother, reportedly slapped the woman several times which led to the fracas.

An eyewitness informed Vanguard: "After the slap, the woman went straight to the man's trousers and bite his private off and spat it on the tarred road to our greatest shock."
