ONE person was reportedly killed as unidentified gunmen besieged Kula community in Akuku-Toru Local Government area of Rivers State.

This happened as some gunmen, weekend, invaded the Port Harcourt resident of the Caretaker Committee Chairman of Akuku-Toru LGA, Mr. Roland Sekibo, shooting sporadically and causing tension in the neighbourhood.

The gunmen, who besieged Kula and its neighbouring communities, were said to have invaded the area from the creeks, shooting sporadically and causing panic.

It was learned that the gunmen earlier attacked a boat that was going to Kula from Abonema before entering the community.

The President of National Youth Council of Nigeria, Rivers State chapter, Mr. Sukubo Sara-Igbe, told *Vanguard* that the development disrupted the peace in Kula.
