## Rivers APC condemns killing of members

By Gbenga Oke

**R**IVERS State chapter of All Progressives Congress, APC, yesterday, condemned the killing of some of its members in Ogba/Egbema/Ndoni Local Government Area of the state.

The party also condemned the Nigeria Police over its alleged failure to provide security for the people of the area.

In a statement, the APC Chairman in the state, Davies Ikanya, alleged that suspected members of a local cult group were behind the

invasion of Omoku and the surrounding communities where they selected houses of APC members and killed them.

He said: "The killings began early evening and lasted till 10p.m., and unfortunately, the police failed to respond to calls for help until the killers had finished their dastardly mission and left with some of the heads of those they killed. I can confirm that at least 26 people were shot dead."

"We decry a statement credited to the Rivers State Police Command, which blamed the killings on an alleged fight between rival cult groups."
