2 killed, several others injured in Delta inter communal clash

By Ochuko Akuopha

ABOUT two persons were yesterday, feared dead and several others injured in renewed hostilities between youths of Igbide and Okpolo-Enwhe communities, both in Isoko South Local Government Area, Delta State

over a disputed piece of land.

The neighbouring communities, it was gathered, have been embroiled in an age long boundary dispute, resulting in an unfriendly relation between indigenes of the communities. "The case has been in court for over 40 years

and the leadership of the two communities has over the years tried to set up peace communities to resolve the dispute to no avail," source close to the communities told Saturday Vanguard.

The source who craved anonymity said yesterday's crisis "was triggered by allegations that
