Commercial bus crushes *Okadaman* on Oshodi-Apapa Expressway

By Franklin Alli

L A G O S — PANDEMONIUM broke out, yesterday, along the Apapa-Oshodi Expressway, following a protest by commercial motorcyclists, *Okadamen*, over the death of one of them hit by a commercial bus, *Danfo*.

Vanguard gathered that the commercial bus, which was going to Oshodi from Apapa, ran over a commercial motorcyclist at Berger Yard Bus Stop, killing him on the spot.

The driver of the bus, who attempted to carry the corpse, apparently to the police station, was mobbed by other motorcyclists, but was lucky to escape lynching, dashing across the expressway.

The commercial bus set ablaze by protesting okadamen

However, the aggrieved motorcyclists and hoodlums set the bus on fire, causing traffic jam along the busy expressway.

It, however, took the

intervention of policemen and officials of the Federal Road Safety Corps, FRSC, to clear the traffic gridlock. Policemen later removed the corpse.
