UGHELLI- THE Acting Rector, Federal Polytechnic, Ekowe, Bayelsa State, has slumped and died at a hotel in Ughelli during alleged sex romp with an unidentified female teenager.

The rector was said to have slumped at his hotel room in Zekoh Place located at Onoharigho street, Ughelli and was rushed to a private clinic, few kilometers from the hotel where he was confirmed dead on arrival.

“He had gone to the hotel in company of a female teenager and booked a room for an hour of love session with the girl,” a source at the Ughelli Area Command told Vanguard.

Speaking further, the source said: “The girl raised an alarm when the chief slumped but absconded following reports that the victim was confirmed dead.

“Though no arrest has been made in connection with the incident, a female manager of the hotel was arrested for questioning but has since been released.”

Suspecting foul play over the incident, a family member who spoke to Vanguard at the Rector’s Upper Agbarho residence said: “We are having a meeting with elders of the family if an autopsy would be conducted after which we would take a stand on the matter.”
