Confusion as residents discover boy's corpse under Delta river bridge

By Ochuko Akuopha

OLEH—RESIDENTS of Bomadi, headquarters of Bomadi Local Government Area, Delta State, were, weekend, thrown into confusion, following the discovery of the lifeless body of a boy under the

River Forcados Bridge.

Sources said there had been no news of any missing child within the community, even as the corpse, which was brought out from under the bridge by local divers, was yet to be identified at press time.

One of the local divers said

the corpse may have been brought by current from one of the neighbouring communities.

Meanwhile, the body had been deposited in the mortuary of a hospital in the community, awaiting further developments.
