UGHELLI—FOUR persons, weekend, lost their lives while two others sustained life-threatening injuries in a head-on collision between two commercial motorcycles, *Okada*, along the Edjekota-Ogor Road in Ughelli North Local Government Area of Delta State.

Eyewitnesses told *Vanguard* that both motorcycles, which had two passengers each, excluding the riders, were heading to and from a funeral reception taking place in the area, when the accident occurred.

One of the eyewitnesses identified one of the *okadamen* as Oyibo, an indigene of Uwheru and Ewu-Urhobo, both in Ughelli North and South council areas.

It was a gory sight when *Vanguard* got to the scene, as the mangled remains of the victims were seen on the ground.
